

## Protection Meditation Channeled By a Shaman:

First, envision a violet flame coming up from the earth and a golden sun above with a bubble of silver and rainbow colors all around your space. Call in St Germaine of the violet flame, Archangel Michael, Archangel Metatron, The Golden Ones and the Ascended Masters of the Elorin, as well as the spirits of the land and of the property who are of the most high and positive spiritual nature.

Then say:

*Only that which is of the highest vibration of Divine Love, Light and Truth is allowed in or near this space, North, South, East, and West, above, below, within.*

*Our auric fields, this property, this space only harbors Love and Light. No negative or lower level frequencies of energy or entities are allowed, no prying eyes or remote viewing is allowed. This space is holy ground; we are holy temples.*
